

MANGLE & WRINGER BETTE'S BAR

Bette's Bar is our original cold processed soap, which is suitable for cleaning just about anything!

Made from 100% coconut oil it is natural, safe and non toxic. It doesn't contain detergents, dyes, fillers, perfumes, phosphates, optical brighteners, enzymes or petroleum based ingredients, which could irritate sensitive skin, and it is readily biodegradable and safe for septic tanks.

Directions for use:

Laundry:

As a stain removal booster gently rub stain with Bette's bar before adding item to the washing machine and wash as normal. It's particularly effective at removing grease and oil stains and is great for collars and cuffs!

As a gentle hand wash grate Bette's bar into a bowl of warm water and wash according to the care label in your garment. Rinse thoroughly.

It is suitable for both white and colourfast fabrics and does not weaken the fibres

Always follow the care labels in your garment.

Around the house:

Gentle on skin, Bette's Bar is suitable for cleaning just about anything! There is very little this bar can't tackle including removing chemical residue from fruit and vegetables. Always rinse thoroughly.

Apply directly on a cloth or brush or grate into warm water for a soap solution.
